

Please do not allow the Indiana Telephone Privacy Law to be reworded, altered, or changed in any way, shape, or form. The lack of annoying telemarketers, calling at all times of the day, and night is priceless. As a Citizen, if I wanted to be annoyed by these telephone calls, I would not have put my Name and Number on the "Do Not Call List". I realize that if sometime in the future, I should want to be annoyed by Telemarketers, I can and will remove my Name and Telephone Number from the "Do Not Call List". But until that time " DO NOT CALL ME!"

Thank You,
Douglas.
